

CareerVerse

AI-Powered Career Operating System

Vision

CareerVerse combines the intelligence of a GPS, LinkedIn, Coursera and an AI Mentor into one platform. It guides students from school to college and finally to their dream career through personalized roadmaps, networking, internships, scholarships and continuous AI guidance.

Problem

Students spend countless hours searching different websites for career guidance, internships, scholarships, courses, certifications, networking opportunities and jobs. The process is fragmented, confusing and overwhelming.

Solution

CareerVerse creates a personalized AI Career GPS that understands every student's profile and recommends the next best step while continuously tracking progress.

Core Features

- AI Career GPS – Personalized roadmap from current profile to dream career.
- AI Career Simulator – Readiness score, missing skills, timeline and success probability.
- AI Gap Analysis – Compare profile with dream university or job.
- AI Profile Score – Live readiness score with improvement suggestions.
- Smart Internship Finder – Personalized internship recommendations.
- Scholarship & Competition Matcher – Scholarships, hackathons, grants and competitions.
- Course & Certification Hub – Verified learning resources and certifications.
- AI Networking GPS – Suggests seniors, alumni, founders, mentors and recruiters to connect with on LinkedIn.
- LinkedIn Profile Optimizer – Improve profile visibility and networking opportunities.
- AI Resume & CV Builder – ATS-friendly resumes updated automatically.
- AI Interview Coach – Mock interviews with AI feedback.
- Opportunity Matcher – Jobs, internships and opportunities matching the student's profile.
- Skill Tracker – Tracks projects, internships, certifications, leadership and achievements.
- Career Twin – Compare multiple career paths before making a decision.
- Global University Planner – Exams, SOPs, scholarships, timelines and application guidance.
- Portfolio & Achievement Hub – Showcase projects, certificates, awards and extracurriculars.
- Skill Exchange Community – Learn and teach skills with peers.

Example

A student targeting Oxford, INSEAD or a career in Finance receives a dynamic roadmap covering academics, internships, leadership, networking, certifications, communication skills and backup pathways. As achievements are added, CareerVerse updates recommendations automatically.

Mission

To ensure every student receives personalized career guidance and equal access to opportunities regardless of background.
